All dancers will need an open space!

- Choose an open space like a living room or kitchen
 - An 8x8 space is recommended, if possible. Or do the best you can with what you have!
- Clear the space of anything that could get kicked over/broken as well as tables, chairs, ottomans, etc. that your dancer could hurt themselves on if they were to run into it.
- Jazz I, Jazz II, and Contemporary will not need anything else!
