

Guidelines for reopening

- Your entire household must be healthy and had no contact with an infected person within the past two weeks for you to attend class.
- Dancers' temperatures will be taken with a no-touch thermometer upon arrival. Dancers will be sent home immediately if they have a fever.
- Dancers need to use the bathroom at home before they come to class. The bathroom will be open and will be sanitized often, but should be used only as absolutely necessary. Please arrive dressed in your dancewear rather than changing in the bathroom.
- Dancers must keep a 6 ft distance from other dancers in the building.
- All adult dancers must wear a mask.
- All ABC's of Dance team members will wear masks.
- All regularly touched objects in the studio (such as ballet barres) will be sanitized between each use.
- Team members will take their own temperature daily and will not go to the studio if they have an elevated temperature.
- Dancers must sign a COVID-19 participation waiver to attend class.
- To maintain social distancing, we are limiting class sizes to 4 students, 1 teacher, and 1 team member at the front desk.
- Dancers must wait outside on one of the 5 different colored lines until called in by a team member.
- Please arrive no more than 5 minutes before the scheduled start time of your class.
- No additional guests may enter or wait for dancers in the lobby. The lobby will be closed during classes.

Guidelines continued

- Please take a pump of hand sanitizer at the door upon arriving.
- Dancers will place their belongings on one of the designated spots in the lobby (cubbies are shown in the pictures on page 3 for children, adults will have a mark on the floor in the same places)
- Class times will be spaced 15 minutes apart so that we can clear one group from the lobby before allowing the next group in.
- Commonly touched surfaces will be sanitized between each class or each use.
- The dance floor has been taped into a grid, giving each dancer 6 ft in each direction. Each dancer will be assigned a box to stand in.
- Traveling exercises will be executed in a way that will keep dancers 6 ft apart at all times.
- Students must bring their own water bottle.
- Doors to the studio will be left open, weather permitting. We have an industrial air purifier which will remain on at all times.

Know the symptoms of COVID-19

- Fever
- Cough
- Shortness of breath or difficulty breathing
- Chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

Pictures on next page

Dancers and 1 parent will wait on a line outside the studio, each a different color.

Dancers will be called in 1 at a time where they will enter the building alone.

Dancers will place their items (dance bag, shoes, etc.) in a cubby.

Students will dance in a box marked on the floor. Dancer placement is shown by the spots on the floor.

Each box has color coded corners to help dancers follow directions and has an X.
